Dance Parent Permission Slip

School District of Waukesha

The School District of Waukesha strives to create a safe, enjoyable environment for our students. We strive to provide our students with wholesome activities that lend themselves to intellectual, physical, and social growth. One of these activities is school dances. Attendance to a dance/activity at high school level is a privilege not a right. School administrators reserve the right to deny entrance or revoke permission to attend this activity. Students with excessive tardies and truancy will not be permitted to attend.
